WHAT'S AT ISSUE?

As a result of the Regional Government Review, arbitrary changes will likely be imposed on Oakville and Halton with NO transparency, NO evidence, and NO meaningful public consultation on:
AMALGAMATION • GOVERNANCE • SERVICE DELIVERY

Consequences for Oakville residents may include:
**HIGHER TAXES
SERVICE REDUCTION
LOSS OF OUR LOCAL VOICE**

WHY FIX SOMETHING THAT'S NOT BROKEN?

- ✓ Oakville and regional property tax increases are at or below the rate of inflation
- ✓ Halton has a AAA credit rating
- ✓ Halton municipalities were rated best places to live in Canada (2018)
- ✓ Halton is one of the safest regions in Canada
- ✓ Halton residents' rated quality of life very high (98%) and satisfaction with the quality of all services also very high (97%)

"I really believe, and it goes back to my roots of being a councillor, we have to empower the cities and the towns themselves. Nothing is worse than the province, you know, dictating this, that and the other thing. That's why we always say, "Opt in or opt out." And that's what we're focusing on more. Let the communities decide."

- Premier Ford, April 9, 2019, to the Oakville, Burlington, Milton, and Halton Hills Business of Commerce
